

BURRABAROO

Burrabaroo, consisting of 9.3 hectares (23 acres), is situated approximately 16kms north of Tamworth on Porcupine Lane, 2.5kms off the New England Highway.

In 1953, Mr Jim Tull built the first building known as *Karingal*. In January 1954, the first Guide camp was held and the Girl Guides chose the name *Burrabaroo*.

The Brownie Cottage *Tin Tuppa Gonyah*, was built in 1976, sleeps 24 people, and has conference room facilities.

The camp site is divided into six camping grounds, for those who like to sleep under canvas.

There is an abundance of flora and fauna, with no less than fourteen different wild flowers, and an amazing variety of birds including kingfishers and whistling eagles providing a peaceful soundscape.

Why not come and share the delights of this lovely spot with us! You will surely love it's peace and tranquility.
